14.	If the study involves distribution of questionnaires to the participants, has the right to Response Omission and Anonymity been provided to them?			
15.	In case of animal studies, have you considered alternatives (*in vitro* systems, computer simulations and/or mathematical models) to reduce or replace the use of animals as far as possible?			
16.	Will you make sure that the health of humans/animals be given prior consideration and avoid or minimize discomfort, distress, and all procedures will be kept aseptic, painless and minimally intrusive?			
17.	Will you provide adequate care to all humans/animals and ailing study subjects shall be properly treated by the qualified care providers and will be removed from further study?			
18.	Will you ensure confidentiality and data protection related to study participants?			
19.	Will you share study findings with the participants and ERC when asked?			
20.	Will you make sure that the results are only used for research purpose and information disseminated only through research publication / conference papers/presentations?			
21.	Have you attached the consent form with explicit right of the participants to withdraw from study at their will?			

NOTE: Duly filled and signed Proforma should be submitted with the Registration Department, along with the following documents:

I. Title Page of Research Synopsis
II. SRC (Synopsis Review Committee) Approval Letter
III. Project Summary
IV. Methodology/Research Proformas, if any
V. Statistical Analysis
VI. Informed consent programme designed for the study subjects, if applicable
VII. Consent from the collaborating institution, if applicable (attach the letter of approval)

A Copy of the filled Proforma may also be emailed (Microsoft Word as well as PDF file) at **esynopsis@uhs.edu.pk**

Declaration: I/We declare that all the information given in this form and written in the proposal is correct and I/We will abide by the ethical guidelines relevant to this research. I/We will reapply for ethical approval if there is a significant change or revision in the design or protocol of the proposed study.
