Part 4 - Declaration of Preferences

VERY IMPORTANT

- (1) When filling out the application, every applicant has to rank the two (02) medical colleges/institutes in order of preference, starting with his/her first choice. In other words, all eligible candidates are allowed to write down both private sector medical colleges/institutes in the order that they would like to be considered for admission.
- (2) The order of preferences once submitted shall be final and cannot be changed subsequently. This condition is mandatory and neither any subsequent change is entertainable nor any exceptions will be made.
- (3) Starting with the first preference, applicants will be assessed and ranked according to the merit for each college/institute. A computerized matching process will allocate applicants meeting the minimum merit requirements a place to the highest listed preference for which they are eligible.
- (4) Once offered a place to the highest listed preference, an applicant cannot demand admission to a college/institute named lower in his/her preferred list.
- (5) An applicant, under no circumstances, shall be considered for a college/institute, he/she has not named in his/her order of preferences. The Admitting University shall not assign a college/institute by itself if the alternate choices are not indicated.
