

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 9th June 2022 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Yasir Nadeem (Revised)	Dr. Muhammad Farooq Associate Professor of Urology Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of efficacy and safety between conventional percutaneous nephrolithotomy and endoscopic combined intrarenal surgery for partial staghorn stone
2.	Dr. Zain ul Abidin	Prof. Khalid Saeed Pansota Professor of Urology Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of silodosin and tamsulosin in the management of lower ureteric stones
3.	Dr. Farooq Ihsan (Revised)	Dr. Syed Atif Hussain Assistant Professor of Urology Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of outcome of extracorporeal shock wave lithotripsy (ESWL) for renal stones with and without DJ stenting
4.	Dr. Zahid Hussain (Revised)		Comparative study of percutaneous versus transurethral intra-corporeal cystolithotripsy for treatment of vesical stones in paediatric age group
5.	Dr. Muhammad Arshad Mahmood (Revised)	Prof. Abdul Ghaffar Professor of Urology Nishtar Medical University/Nishtar Hospital, Multan	Comparative Study of Safety and efficacy of intracorporeal pneumatic lithotripsy in the management of upper ureteric stones with and without stone cone
6.	Dr. Jam Muhammad Faisal Qadir	Prof. Asif Imran Professor of Urology Nishtar Medical University/Nishtar Hospital, Multan	Comparison of secondary polycythaemia in testosterone gel versus intramuscular testosterone cypionate
7.	Dr. Muhammad Yaqoob (Revised)	Prof. Khalid Hussain Professor of Urology Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of retrograde intrarenal surgery (RIRS) and mini percutaneous nephrolithotomy (mini PCNL) for the management of renal stones: A quasi experimental study
8.	Dr. Saad Azam (Revised)		Comparison between ultrasonic and pneumatic lithotripsy for bladder stones a quasi-experimental study

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 9th September 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Amjad	Prof. Abdul Ghaffar Head, Department of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of ureterorenoscopy with pneumatic lithotripsy versus extracorporeal shock wave lithotripsy (ESWL) for the management of proximal ureteric stones.
2.	Dr. Abdul Razaq		Silodosin versus extracorporeal shockwave lithotripsy for the management of lower ureteric stone: A comparative trial.
3.	Dr. Muhammad Arshad Mahmood		Efficacy of pneumatic lithoclast in the management of uretic stones. The comparative study between upper and lower ureteric stones.
4.	Dr. Ikhlaq Hussain	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Efficacy of ureterorenoscopy (URS) and lithoclasty with and without DJ stenting for the management of distal ureteric stone.
5.	Dr. Muhammad Noman Ashiq	Prof. Ghulam Mehboob Subhani Head, Department of Urology & Renal Transplantation Faisalabad Medical University /Allied Hospital, Faisalabad	Outcome of tamsulosin with and without prednisolone combination in the medical management of lower ureteric stones, a non-randomized clinical trial.
6.	Dr. Muhammad Babar Aslam		Effect of mono therapy (tamsulosin) and combination therapy (tamsulosin and finasteride) on lower urinary tract symptoms and prostate size in patients with BPH
7.	Dr. Muhammad Mohsin	Prof. Muhammad Nazir Head, Department of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison of outcome of holmium YAG Laser versus ultrasonic lithotripsy in percutaneous nephrolithotomy in terms of stone clearance, operative time and hospital stay.

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 11th August 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Aurangzeb (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of intra operative blood loss in patients undergoing mono polar turp with and without pre operative tranexamic acid
2.	Dr. Muhammad Sajid (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of Solifenacin versus Mirabegron for the treatment of double j stent related symptoms
3.	Dr. Farooq Ihsan (Revised)	Dr. Syed Atif Hussain Assistant Professor of Urology Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of outcome of extracorporeal shock wave lithotripsy (ESWL) for renal stone with and without DJ Stenting
4.	Dr. Muhammad Hasnat Ali Malik (Revised)	Prof. Khizar Hayat Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison of post-operative clinical outcomes of mini percutaneous nephrolithotomy versus standard percutaneous nephrolithotomy
5.	Dr. Ali Imran	Dr. Fazal Ur Rehman Khan Associate Professor of Urology Sheikh Zayed Postgraduate Medical Institute/ Sheikh Zayed Hospital, Lahore	Comparison of outcome of Retrograde Intrarenal surgery with and without ureteral Access Sheath in the Management of Renal Calculi Less than 2 Cm
6.	Dr. Saad Ali Khan		Comparison of endoscopic combined intra renal surgery with standard percutaneous nephrolithotomy in treatment of staghorn calculi
7.	Dr. Muhammad Awais	Prof. Muhammad Shahzad Anwar Professor of Urology Services Institute of Medical Sciences/ Services Hospital, Lahore	Comparison of Retrograde Intrarenal Surgery outcomes in patients with and without prior double J Stenting in terms of efficacy and safety
8.	Dr. Muhammad Kashif		Comparison of Percutaneous Nephrolithotomy Tract dilatation using sequential versus single step dilation methods

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 11th November 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Mubashir Akram (Revised)	Prof. Shafqat Ali Tabassum Head, Department of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome of monopolar versus bipolar transurethral resection of prostate
2.	Dr. Mazhar Hussain (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Impact of combination therapy of tamsulosin and dutasteride versus tamsulosin alone on sexual function in sexually active men with lower urinary tract symptoms (LUTS) secondary to benign prostatic enlargement (BPE)
3.	Dr. Ikhtlaq Hussain (Revised)		Safety and efficacy of intracorporeal pneumatic lithotripsy with and without DJ stenting in the management of distal ureteric stones
4.	Dr. Zain ul Abideen	Prof. Ghulam Mehboob Subhani Head, Department of Urology & Renal Transplantation Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of the outcomes of tubeless PCNL with externalized ureteral catheter (EUC) and tubeless PCNL with double J stent placement in the management of renal stones
5.	Dr. Taimoor Ahmad Khan		Efficacy of percutaneous nephrolithotomy done in spinal anesthesia versus general anesthesia in terms of patient's satisfaction and post operative complications
6.	Dr. Naveed Shafqat Zia		Comparative study of Mathieu and Snodgrass repair in patients of distal penile hypospadias in terms of formation of post operative urethrocutaneous fistula.
7.	Dr. Muhammad Bilal		Comparison of outcomes of tamsulosin and silodosin in catheter free trials after acute urinary retention due to enlarged prostate

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 12th January 2023** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Shakeel Akhter (Revised)	Prof. Shahzad Anwar Professor of Urology Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of transecting versus non-transecting techniques of bulbar urethroplasty
2.	Dr. Muhammad Bilal (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of outcomes of Tamsulosin and Silodosin in catheter free trials after acute urinary retention due to enlarged prostate
3.	Dr. Faisal Ilyas (Revised)		The accuracy of doppler ultrasonography in the follow up of pyeloplasty for congenital pelviureteric junction obstruction taking DTPA as standard
4.	Dr. Muhammad Asif Nadeem (Revised)		Comparative study between outcomes of endoscopic versus open resection of mural part of ureter in radical nephroureterectomy
5.	Dr. Muhammad Faran (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of efficacy and safety of Tamsulosin versus Mirabegron in the management of patients with lower urinary tracts symptoms related to double J-stent
6.	Dr. Muhammad Sanaullah Baig (Revised)	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome between ultrasound guided and fluoroscopic percutaneous nephrolithotomy in patients with renal stones
7.	Dr. Syed Muhammad Miqdad Usman Kazmi (Revised)	Dr. Syed Atif Hussain Associate Professor of Urology Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Role of 5-alpha reductase inhibitors on blood loss in patients undergoing TURP for symptomatic BPH; a comparative study

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 13th October 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Asif Nadeem	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparative study between simple modified ripping, coagulation and pluck versus open resection of mural part of ureter in radical nephroureterectomy
2.	Dr. Ammar Ahmed		Diagnostic Accuracy of TURP biopsy compared with TRUS-guided biopsy performed together in patients with acute urinary retention and increased PSA level
3.	Dr. Faisal Ilyas (Revised)		Accuracy of renal resistive index on color doppler ultrasound in patients with congenital ureteropelvic junction obstruction taking DTPA as a standard
4.	Dr. Muhammad Sajid (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of Solifenacin versus Mirabegron for the treatment of double J stent related symptoms
5.	Dr. Jam Muhammad Faisal Qadir (Revised)		Comparison of end to end anastomotic urethroplasty and optic urethrotomy with intravesical instillation of mitomycin C in management of patients presenting with short segment incomplete urethral stricture
6.	Dr. Muhammad Afzal	Dr. Fazal Ur Rehman Khan Associate Professor of Urology Sheikh Zayed Postgraduate Medical Institute/ Sheikh Zayed Hospital, Lahore	Comparison of modified nephrometry score versus renal score in predicting the outcome following open partial nephrectomy
7.	Dr. Saad Ali Khan (Revised)		Comparison of endoscopic combine intra renal surgery with standard percutaneous nephrolithotomy in treatment of stones having medium to high Seoul National University renal score complexity score

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 15th July 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr.No	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Sanaullah Baig	Prof. Shafqat Ali Tabassum Head, Department of Urology Quaid-e-Azam Medical College/Bahawal Victoria Hospital Bahawalpur	Comparison of outcome of ultrasound guided versus fluoroscopic percutaneous nephrolithotomy in patients with renal stones
2.	Dr. Muhammad Jawad Ahmed		Comparison of outcome of percutaneous suprapubic cystolitholapaxy versus open cystolithotomy for urinary bladder stones in children
3.	Dr. Ghulam Abbas		Comparison of the stone free rate after laser versus pneumatic lithotripsy in proximal ureteric stones
4.	Dr. Mubashir Akram		Comparison of outcomes of monopolar versus bipolar transurethral resection of prostate
5.	Dr. Muhammad Amjad	Prof. Abdul Ghaffar Professor of Urology Nishtar Medical University/Nishtar Hospital Multan	Comparison of ureterorenoscopy with pneumatic lithoclast versus Extracorporeal Shock Wave Lithotripsy (ESWL) for the management of proximal ureteric stones
6.	Dr. Bilal Akhtar	Dr. Khalid Hussain Head, Department of Urology Gujranwala Medical College / DHQ Teaching Hospital Gujranwala	Holmium laser lithoclast versus pneumatic lithoclast for lower ureteric stones: outcome analysis
7.	Dr. Sajid Hussain	Prof. Saleem Abbas Jafari Head, Department of Urology Allama Iqbal Medical College / Jinnah Hospital Lahore	Comparison of efficacy of alfuzosin vs tamsulosin for the removal of ureteric stone
8.	Dr. Malik Zain Ahmed		Detection rate of prostate carcinoma by ultrasound guided eight or fourteen core biopsies in patients with prostatic specific antigen in grey zone
9.	Dr. Muhammad Hasnat Ali Malik	Prof. Muhammad Nazir Head, Department of Urology Postgraduate Medical Institute/Lahore General hospital Lahore	Comparison of post-operative outcomes of mini PCNL and standard PCNL
10.	Dr. Muhammad Arslan Butt		Treatment efficacy of platelet rich plasma injection in men with mild-moderate vasculogenic erectile dysfunction

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 15th December 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Haseeb Ur Rehman (Revised)	Prof. Khizar Hayat Gondal Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Clinical outcome of laparoscopic vs open nephrectomy in patients with non-functioning kidney
2.	Dr. Haider Ali	Prof. Khalid Hussain Professor of Urology Gujranwala Medical College/ DHQ Teaching Hospital, Gujranwala	Monopolar vs bipolar transurethral resection of prostate for benign prostatic hyperplasia: A quasi-experimental study
3.	Dr. Danial Qureshi		Comparison of DVIU and S-shaped dilatation in anterior urethral stricture: Outcome analysis
4.	Dr. Muhammad Shakeel (Revised)	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Safety and efficacy of different shock wave frequencies during extracorporeal shock wave lithotripsy in the management of renal stones
5.	Dr. Kamran Ajmal Bhatti (Revised)		Comparison of outcome between open surgical repair versus laparoscopic repair for vesico-vaginal fistula
6.	Dr. Jam Muhammad Faisal Qadir (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of end-to-end anastomotic urethroplasty and optic urethrotomy with intralesional instillation of mitomycin C in management of urethral stricture

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 17th February 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Zahid Hussain (Revised)	Dr. Syed Atif Hussain Assistant Professor of Urology Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison on outcomes of percutaneous cystolithotomy and transurethral intra-corporeal cystolithotripsy for treatment of vesical stones in pediatric age group
2.	Dr. Farooq Ihsan (Revised)		Comparison on outcome of extracorporeal shockwave lithotripsy (ESWL) for renal stones with and without DJ stenting
3.	Dr. Muhammad Mudassar Niaz	Dr. Shabbir Hussain Chaudhry Assistant Professor of Urology Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of outcomes of immediate and delayed surgical repair of penile fracture
4.	Dr. Fahad Mehmood (Revised)	Dr. Athar Hameed Assistant Professor of Urology Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of mirabegron and tolterodine in terms of efficacy and safety for the treatment of overreactive bladder in women
5.	Dr. Zain ul Abideen (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of the pcnl with externalized ureteral catheter and pcnl with double-j-stent placement in the management of renal stones
6.	Dr. Muhammad Arslan Butt (Revised)	Prof. Khizar Hayat Gondal Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Treatment efficacy of platelet rich plasma injection in men with mild-moderate vasculogenic erectile dysfunction.
7.	Dr. Hafiz Muhammad Junaid		Comparison of outcomes of balloon dilatation vs one shot dilatation in percutaneous nephrolithotomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 19th May 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Syed Muhammad Miqdad Usman Kazmi (Revised)	Dr. Syed Atif Hussain Assistant Professor of Urology Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison between the Bleeding Tendency of patients with enlarged Prostate taking 5 Alpha Reductase Inhibitors versus Placebo undergoing TURP
2.	Dr. Muhammad Shahzad Gul	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of the success of extracorporeal shock wave lithotripsy (ESWL) with and without DJ stenting in proximal ureteric Stone
3.	Dr. Kamran Ajmal Bhatti		Comparison of frequency of transurethral resection of prostate (TURP) syndrome in 1.5% glycine versus 5% dextrose water irrigating solution during transurethral resection of prostate
4.	Dr. Ajmal Rasheed	Dr. Nisar Ahmed Associate Professor of Urology Sahiwal Medical College/Sahiwal Teaching Hospital, Sahiwal	Comparison of postoperative recurrence rate of stricture urethra with clean intermittent self-catheterization with clobetasol cream or without clobetasol cream
5.	Dr. Saqlain Amjad		Comparison of extracorporeal shock wave lithotripsy (ESWL) and pneumatic lithotripsy in the treatment of lower ureteric stone, A quasi experimental, Hospital based study
6.	Dr. Aurangzeb (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of intra-operative blood loss in patients undergoing mono-polar turp with and without pre-operative tranexamic acid
7.	Dr. Taimoor Ahmad Khan (Revised)		Efficacy and safety of percutaneous nephrolithotomy done under spinal anesthesia versus general anesthesia
8.	Dr. Naveed Shafqat Zia (Revised)		Comparative study of thiersch duplay and snodgrass repair in patients of distal penile hypospadias in terms of formation of post operative urethrocutaneous fistula

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 22nd June 2023** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Waqar Anjum (Revised)	Prof. Ahmad Nawaz Bhatti Professor of Urology Sargodha Medical College/ DHQ Teaching Hospital, Sargodha	Comparison of tamsulosin versus low dose tadalafil in the management of symptomatic benign prostatic hyperplasia
2.	Dr. Muhammad Murtaza (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University, Faisalabad	Comparison of efficacy and safety of monotherapy with solifenacin and mirabegron individually as well as in combination therapy for the management of overactive urinary bladder among patients of Pakistani descent
3.	Dr. Arslan Ali (Revised)	Prof. Khalid Hussain Professor of Urology Gujranwala Medical College, Gujranwala	Comparison of monopolar transurethral resection with monopolar transurethral incision of the prostate in patients with prostate size up to 30g: A quasi-experimental study
4.	Dr. Muhammad Shahzad Gul (Revised)	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of the success of extracorporeal shock wave lithotripsy (ESWL) with and without DJ stenting in proximal ureteric stones
5.	Dr. Muhammad Jamshed (Revised)		Comparison of the outcomes and efficacy of laparoscopic and open ureterolithotomy in large impacted ureteric stones
6.	Dr. Shahbaz Hussain (Revised)		Comparison of recurrence of stricture after optical internal urethrotomy with and without self-dilatation in urethral stricture
7.	Dr. Maaz Shahid (Revised)	Prof. Khizar Hayat Gondal Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Role of platelet-rich plasma in the prevention of recurrence of urethral stricture after internal optic urethrotomy: A randomized controlled trial
8.	Dr. Muhammad Usman Anwar (Revised)	Dr. Shabbir Hussain Chaudhary Assistant Professor of Urology Allama Iqbal Medical College, Lahore	Comparison of URS in terms of success and complications rate with and without preoperative silodosin administration for treatment of ureteric stones
9.	Dr. Muhammad Afzal (Revised)	Dr. Fazal Ur Rehman Khan Associate Professor of Urology Shaikh Zayed Postgraduate Medical Institute, Lahore	Comparison of modified nephrometry score versus renal score in predicting the outcome following open partial nephrectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 24th November 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Faran	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of efficacy and safety of tamsulosin versus mirabegron in the management of patients with lower urinary tracts symptom related to double J-stent
2.	Dr. Muhammad Awais	Prof. Muhammad Shahzad Anwar Professor of Urology Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of retrograde intrarenal surgery outcomes in patients with and without prior double J stenting in terms of efficacy and safety
3.	Dr. Maaz Shahid	Prof. Khizar Hayat Gondal Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	The effect of platelet-rich plasma injection on post-internal urethrotomy stricture recurrence
4.	Dr. Luqman Qaisar		Comparison between laparoscopic nephrectomy with harmonic scalpel versus conventional diathermy
5.	Dr. Haseeb Ur Rehman		Comparative analysis of outcome between laparoscopic versus open surgical repair for vesico-vaginal fistula
6.	Dr. Shafiq ur Rehman		The effect of platelet-rich plasma injection on post-internal optic urethrotomy stricture recurrence: A randomized controlled trial

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 25th August 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Faran	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	A randomized control trial to compare efficacy of mirabegron versus tamsulosin in relieving lower urinary tract symptoms in patients related to double-j stents
2.	Dr. Bilal Akram	Dr. Syed Atif Hussain Assistant Professor of Urology Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of efficacy of silodosin and tamsulosin in improvement of international prostate symptom score in patients with benign prostatic hyperplasia
3.	Dr. Muhammad Waqar Anjum	Prof. Ahmad Nawaz Bhatti Professor of Urology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Effect of tamsulosin versus low dose tadalafil in benign prostate hyperplasia associated with erectile dysfunction
4.	Dr. Muhammad Muddasar	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of ureteroscopic lithotripsy and extracorporeal shock wave lithotripsy of middle ureteric stone in terms of stone clearance
5.	Dr. Asad Farooq		Comparing the success rate of upper and lower calyceal puncture in percutaneous nephrolithotomy for renal stone in terms of complications
6.	Dr. Muhammad Shakeel (Revised)		Comparison of efficacy of different shock wave frequencies during extracorporeal shock wave lithotripsy in the management of renal stones
7.	Dr. Hassan Iqbal (Revised)	Dr. Fazal Ur Rehman Khan Associate Professor of Urology Sheikh Zayed Postgraduate Medical Institute/ Sheikh Zayed Hospital, Lahore	Comparison of urinary tract infection in early versus delayed removal of double J stent in patients with endourological interventions
8.	Dr. Muhammad Imran Khadim (Revised)		Outcome of retrograde intrarenal surgery versus extracorporeal shock wave lithotripsy for the treatment of renal calculi

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 25th November 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Jamshed	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of success rate in ureteroscopy with and without DJ stent in mid and distal ureteric stone management
2.	Dr. Shahbaz Hussain		Comparison of the recurrence of stricture after optical internal urethrotomy with and without self-dilation in urethral stricture
3.	Dr. Tasawar Hussain Chatta	Prof. Qazi Adil Inam Assistant Professor of Urology Nawaz Sharif Medical College/ Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Comparison study between silodosin and tamsulosin in treatment of distal ureteral calculi
4.	Dr. Bilal Akhtar (Revised)	Prof. Khalid Hussain Professor of Urology Gujranwala Medical College/ DHQ Teaching Hospital, Gujranwala	Holmium laser lithotripsy versus pneumatic lithotripsy for lower ureteric stones: A Quasi-experimental study
5.	Dr. Arslan Ali		Comparison of monopolar transurethral resection with monopolar transurethral incision of the prostate in patients with prostate size <40g: A quasi experimental study
6.	Dr. Hafiz Muhammad Umar Saeed	Prof. Muhammad Nazir Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison of extracorporeal shock wave lithotripsy (ESWL) and mini percutaneous nephrolithotomy (PCNL) for the treatment of kidney stones of 2 CM
7.	Dr. Shakeel Akhtar	Prof. Muhammad Shahzad Anwar Professor of Urology Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of outcomes of transecting and non-transecting technique of bulbar urethroplasty

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 26th August 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Waqar Anjum	Prof. Ahmad Nawaz Bhatti Professor of Urology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of efficacy and safety of prone versus supine position in percutaneous Nephrolithotomy
2.	Dr. Maaz Shahid		Outcome of standard percutaneous nephrolithotomy vs tubeless percutaneous nephrolithotomy
3.	Dr. Muhammad Usman Anwar	Dr. Shabbir Hussain Chaudhry Assistant Professor of Urology Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of usage of tramadol and placebo for the treatment of premature ejaculation
4.	Dr. Muhammad Saqib Akram	Prof. Muhammad Nazir Professor of Urology Postgraduate Medical Institute/Lahore General hospital Lahore	Comparison of outcomes of Alken sequential dilatation vs balloon dilatation in percutaneous nephrolithotomy
5.	Dr. Maria Tariq	Prof. Khalid Hussain Head, Department of Urology Gujranwala Medical College/ DHQ Hospital, Gujranwala	Comparison of outcome of transabdominal repair of vesicovaginal fistula with and without interposition omentum flap
6.	Dr. Mazhar Hussain	Prof. Abdul Ghaffar Head, Department of Urology Nishtar Medical University/ Nishtar Hospital, Multan	A prospective randomized placebo controlled study of the impact of combination therapy of tamsulosin and dutasteride on sexual function in sexually active men with lower urinary tract symptoms (LUTS) secondary to benign prostatic enlargement (BPE)
7.	Dr. Zaighum Bilal Chaddar	Prof. Muhammad Shahzad Anwar Head, Department of Urology and Renal Transplantation Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of safety and efficacy of mini-PCNL versus RIRS in lower pole renal stones of 10-20 mm size

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 29th July 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr.No.	Name of Candidate	Supervisor	Title
1.	Dr. Bilal Ahmed	Prof. Khalid Hussain Head, Department of Urology Gujranwala Medical College / DHQ Teaching Hospital Gujranwala	Laparoscopic vs open high ligation of the testicular veins for the treatment of varicocele: outcome analysis
2.	Dr. Saad Azam		Comparison between ultrasonic and pneumatic lithotripsy for bladder stone; outcome and analysis
3.	Dr. Muhammad Yaqoob		Retrograde intrarenal surgery (RIRS) and Mini-percutaneous Nephrolithotomy (mini PCNL) for the treatment of renal stones of 2-2.5cm: comparative study
4.	Dr. Muhammad Rameez	Prof. Dr. Syed Saleem Abbas Jafri Head, Department of Urology Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Complications of Ultra sound guided percutaneous nephrostomy in obstructive uropathy
5.	Dr. Fahad Mehmood		Comparison between efficacy and safety of solifenacin and tolterodine for the overreactive bladder in women
6.	Dr. Abdul Ghani		Comparison of internal optical urethrotomy with and without intra –lesional triamcinolone injection in the management of urethral stricture
7.	Dr. Abdul Razaq	Prof. Abdul Ghaffar Professor of Urology Nishtar Medical University/Nishtar Hospital Multan	Comparison of medical expulsive therapy vs ESWL in management of lower ureteric stone
8.	Dr. Hafiz Muhammad Atif	Prof. Dr. Muhammad Shahzad Anwar Head, Department of Urology & Renal Transplantation Services Institute of Medical Sciences/ Services Hospital, Lahore	Comparison of parachute and anchor vascular anastomosis techniques for arteriovenous fistula formation in terms of maturation and complications
9.	Dr. Ahmad Junaid	Prof. Ghulam Mahboob Subhani Head, Department of Urology & Renal Transplantation Faisalabad Medical University/Allied Hospital, Faisalabad	Comparison of supine position vs prone positions for per-cutaneous nephrolithotomy (PCNL)
10.	Dr. Usman Farooq	Prof. Muhammad Nazir Professor of Urology Postgraduate Medical Institute/Lahore General hospital Lahore	Comparison of outcome of stone fragmentation with pneumatic and ultrasonic lithotripter during percutaneous nephrolithotomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 30th June 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Haseeb Ur Rehman	Prof. Khizar Hayat Professor of Urology Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Clinical outcomes of laparoscopic vs open nephrectomy in patients with symptomatic non-functioning kidney
2.	Dr. Muhammad Rameez	Prof. Saleem Abbas Jafri Professor of Urology Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of Monotherapy Tamsulosin and Solifenacin alone versus combination therapy Tamsulosin Plus Solifenacin in the management of JJ stent related urinary symptoms
3.	Dr. Muhammad Babar Aslam (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of efficacy & Safety of mini PCNL versus standard PCNL in management of lower pole stones
4.	Dr. Muhammad Shakeel (Revised)	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Safety and efficacy of single shot versus serial alkenes metal dilatation technique in percutaneous nephrolithotomy
5.	Dr. Muhammad Jawad Ahmed (Revised)	Prof. Shafqat Ali Tabassum Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of the outcome of percutaneous suprapubic cystolithotripsy versus open cystolithotomy for urinary bladder stones in children
6.	Dr. Ghulam Abbas (Revised)		Efficacy and safety of laser versus pneumatic lithotripsy in the management of the proximal ureteric stones
7.	Dr. Hassan Iqbal	Dr. Fazal Ur Rehman Khan Associate Professor of Urology Sheikh Zayed Postgraduate Medical Institute/ Sheikh Zayed Hospital, Lahore	Comparison of Urinary tract infection in early versus delayed removal of double J stent in patient with endourological interventions
8.	Dr. Muhammad Imran Khadim		Outcome of retrograde intrarenal surgery versus extracorporeal shock wave lithotripsy for treatment of renal calculi less than 2cm

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 23rd September 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Yasir Nadeem	Prof. Muhammad Shahzad Anwar Head, Department of Urology & Renal Transplantation Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of efficacy and safety between standard percutaneous nephrolithotomy versus mini percutaneous nephrolithotomy for treatment of renal stones
2.	Dr. Faisal Ilyas	Prof. Ghulam Mehboob Subhani Head, Department of Urology & Renal Transplantation Faisalabad Medical University /Allied Hospital, Faisalabad	Comparison of increase in intra-vaginal ejaculatory latency time (IELT) with on demand use of tramadol and paroxetine in patients of premature ejaculation
3.	Dr. Syed Muhammad Miqdad Usman Kazmi	Prof. Khalid Saeed Pansota Head, Department of Urology Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	A comparison between the efficacy of ureteroscopic lithotripsy and extracorporeal shock wave lithotripsy on ureteral calculi
4.	Dr. Farooq Ihsan		Comparison on outcome of extracorporeal shockwave lithotripsy (ESWL) for renal stones (10-20 mm) with and without DJ stenting
5.	Dr. Zahid Hussain		Comparison on outcomes of percutaneous cystolithomy and transurethral intra-corporeal cystolithotripsy for vesical stones in pediatric age group
6.	Dr. Waqas Ahmad	Prof. Abdul Ghaffar Head, Department of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Effect of androgen deprivation therapy on bone mineral density in patients with prostate cancer
7.	Dr. Muhammad Sajid		Comparison of success rate of vesicovaginal fistula (VVF) repair using transabdominal approach with and without omental patch transposition

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 30th December 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Ali Salman Qasim	Prof. Muhammad Shahzad Anwar Professor of Urology Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of outcomes of diode laser vaporization and bipolar transurethral resection of prostate in patients of benign prostatic hyperplasia
2.	Dr. Muhammad Yasir Nadeem (Revised)		Surgical outcomes of endoscopic combined intrarenal surgery in Galdakao-modified supine Valdivia position for partial staghorn stone
3.	Dr. Aurangzeb	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Comparison of intra-operative blood loss in patients undergoing monopolar-tur with and without pre-operative tranexamic acid
4.	Dr. Muhammad Murtaza		Comparison of efficacy and safety of solifenacin and mirebegron in the patients of overactive urinary bladder
5.	Dr. Syed Muhammad Miqdad Usman Kazmi (Revised)	Prof. Khalid Saeed Pansota Professor of Urology Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison between the bleeding tendency of patients with enlarged prostate, taking 5-Alfa reductase inhibitors versus placebo, undergoing TURP
6.	Dr. Waqas Ahmad (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Impact of androgen deprivation therapy on bone mineral density in patients with metastatic prostate cancer with and without bisphosphonate
7.	Dr. Ikhtlaq Hussain (Revised)		Efficacy and safety of intracorporeal pneumatic lithotripsy with and without DJ Stenting in the management of distal ureteric stones
8.	Dr. Muhammad Shakeel	Prof. Mumtaz Rasool Professor of Urology Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of effectiveness between ultrasound guided percutaneous nephrostomy and double j stenting in bilateral obstructive uropathy due to urolithiasis in terms of early normalization of renal functions

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in Urology** for review of MS synopses to be held on **Thursday, 31st March 2022 at 10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Ahmad Junaid (Revised)	Prof. Ghulam Mahboob Subhani Professor of Urology Faisalabad Medical University/ Allied Hospital, Faisalabad	Efficacy and safety of supine percutaneous nephrolithotomy (s-PCNL) in ultrasound versus fluoroscopic guidance
2.	Dr. Muhammad Babar Aslam (Revised)		Comparative study of mini PCNL and standard PCNL in lower pole stone in terms of stone clearance operative time and complications
3.	Dr. Maria Tariq (Revised)	Prof. Khalid Hussain Head, Department of Urology Gujranwala Medical College/ DHQ Hospital, Gujranwala	Comparison of outcome of transabdominal repair of vesicovaginal fistula with and without interposition omentum flap
4.	Dr. Zaigham Bilal Chaddar (Revised)	Prof. Muhammad Shahzad Anwar Head, Department of Urology and Renal Transplantation Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of efficacy and safety of minimally invasive percutaneous nephrolithotomy versus retrograde intrarenal surgery in lower pole renal stones
5.	Dr. Muhammad Sajid (Revised)	Prof. Asif Imran Professor of Urology Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of Solifenacin Versus Mirabegron for the treatment of lower urinary tract symptoms after double J stenting
6.	Dr. Ikhtlaq Hussain (Revised)		Efficacy and Safety of intracorporeal pneumatic lithotripsy with and without Dj stenting in the management of distal ureteric stones
7.	Dr. Waqas Ahmad (Revised)		Impact of Androgen Deprivation Therapy on Bone Mineral Density in Patients with Metastatic Prostate Cancer with and without Bisphosphonate
