

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 5th July 2023** at **1:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. #	Name of Candidate	Supervisor	Title
1.	Dr. Faiza Zafar	Dr. Sana Ahmed Assistant Professor of Cardiology Rawalpindi Institute of Cardiology, Rawalpindi	Comparison of primary PCI versus pharmaco-invasive strategy in patients with acute anterior wall myocardial infarction on basis of ejection fraction and MACE
2.	Dr. Rana Abdul Sattar		Correlation of coronary artery plaque in patients with suspected coronary artery disease presenting to outdoor patient department of Rawalpindi Institute of Cardiology
3.	Dr. Zeeshan Ahmed Kayani		Association of the monocyte to HDL cholesterol ratio with thrombus burden in patients with ST-segment elevation myocardial infarction undergoing primary percutaneous coronary intervention (PPCI) at Rawalpindi Institute of Cardiology
4.	Dr. Bilal Ghafoor		Relationship between D-dimers value with increase incidence of acute coronary syndrome in patients with SARS-COV-2 infection
5.	Dr. Muhammad Ishfaq		Dr. Hamid Sharif Khan Assistant Professor of Cardiology Rawalpindi Institute of Cardiology Rawalpindi
6.	Dr. Faiza Sadiq	Prof. Muhammad Hamid Saeed Executive Director Faisalabad Institute of Cardiology Faisalabad	Comparison of in-hospital MACE in patients of acute ST-segment myocardial infarction with or without iron deficiency
7.	Dr. Anum Sarfraz		Comparison of in-hospital MACE in patients of acute non ST-segment myocardial infarction with or without iron deficiency

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 1st February 2023**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Abdullah Khan	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology, Lahore	Early versus delayed coronary intervention after thrombolysis in patients with ST segment elevation myocardial infarction
2.	Dr. Muhammad Irfan Shahzad Anjum	Prof. Muhammad Hamid Saeed Professor of Cardiology/Executive Director Faisalabad Institute of Cardiology, Faisalabad	Comparison of Troponin-I level with LVEF in patients with first onset of NSTEMI on basis of echocardiography
3.	Dr. Nabeegh Rana	Dr. Rao Shahzad Tawwab Khan Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Wazirabad	Comparative effectiveness of sacubitril-valsartan combination versus ACE inhibitors in heart failure with moderately reduced ejection fraction
4.	Dr. Qazi Muhammad Zarlish	Dr. Sohail Saleemi Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of efficacy of Standard Valsalva Maneuver (SVM) vs Modified Valsalva Maneuver (MVM) in patients with Paroxysmal Supraventricular Tachycardia (PSVT)
5.	Dr. Summen Saif	Dr. Fahar Adnan Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of risk stratification of angiographically moderate LAD (single vessel disease via stress echo versus stress MIBI scan in patients less than 65 year of age
6.	Dr. Sehrish Liaqat	Dr. Noor Dastgir Assistant Professor of Cardiology Allama Iqbal Medical College, Lahore	Incidence of left ventricular systolic dysfunction after acute STEMI in diabetics vs non diabetics

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 1st March 2023**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Asad-Ur-Rehman Javed	Dr. M. Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology, Lahore	COX-2 rs689466 polymorphism and aspirin resistance in ischemic heart disease patients
2.	Dr. Asif Younas (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology, Lahore	Comparison of outcome of normal versus raised cardiac troponin in patients with supraventricular tachyarrhythmia
3.	Dr. Uzair Arshad Sohail (Revised)	Prof. Muhammad Hamid Saeed Professor of Cardiology/Executive Director Faisalabad Institute of Cardiology Faisalabad	Comparison of left ventricular systolic dysfunction on echocardiography of patients having first acute non-ST segment elevation myocardial infarction with or without pre-infarct angina pectoris
4.	Dr. Hafiz Muhammad Sheraz Ali	Dr. Rao Shahzad Abdul Tawwab Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Wazirabad	Compare the effects of loading dose of rosuvastatin vs atorvastatin on immediate post perfusion TIMI flow in primary PCI patient
5.	Dr. Rana Mubarik Ali (Revised)	Prof. Tariq Abbas Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparing the efficacy of Wilkin's score, commissural fusion score and commissural fusion score combined with Wilkin's score alone by taking their cut off values of 50% in success of Percutaneous Transvenous Mitral Commissurotomy (PTMC)
6.	Dr. Muhammad Naeem Yousaf	Dr. Imran Javaid Khan Assistant Professor of Cardiology Nishtar Medical University, Multan	Comparison of in hospital mortality among patients with anterior wall acute myocardial infarction with and without hypomagnesemia
7.	Dr. Muhammad Waseem Asghar	Prof. Haroon Aziz Khan Babar Professor of Cardiology Nishtar Medical University, Multan	To compare timing of left ventricular thrombus formation between patients of acute anterior wall myocardial infarction receiving streptokinase and those late for streptokinase

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 2nd March, 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Amjad Mujtaba	Prof. Dr. Qazi Abdul Saboor Professor of Cardiology Federal Postgraduate Medical Institute/Sheikh Zayed Medical Hospital, Lahore	Coronary angiographic findings instable angina versus acute coronary syndrome
2.	Dr. Mustansor Mansoor Gill	Dr. Shahid Abbas Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Outcome of patients with acute pulmonary edema having heart failure with preserved ejection fraction
3.	Dr. Adnan Ashraf		Outcome of complete heart block in patients with acute myocardial infarction
4.	Dr. Maham Riaz		Independent association of hyperuricemia with angiographic ally documented CAD
5.	Dr. Imran Shaukat	Dr. Hamid Saeed Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Correlation of HbA1c with severity of coronary artery disease in patients presenting with acute coronary syndrome In FIC Faisalabad
6.	Dr. Ayesha Iqbal		Comparison of patient's functional class pre and post PTMC with valve size greater than one half of pre-procedural size
7.	Dr. Muhammad Ayaz Arshad		Comparison of patient's outcome having anterior wall myocardial infarction with or without right bundle branch block in terms of mortality in Faisalabad Institute of Cardiology, Faisalabad
8.	Dr. Muhammad Umair	Dr. Kashif Ali Hashmi Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	One year outcome of coronary artery bypass grafting with medical treatment in patients having triple vessel coronary artery disease (CAD)

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 3rd August 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Shaheer Shah Nawaz (Revised)	Dr. Kashif Ali Hashmi Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology Multan	Comparison of resolution of left ventricular thrombus after acute anterior wall myocardial infarction in patients treated with rivaroxaban versus warfarin
2.	Dr. Muhammad Umair (Revised)		One year outcome of coronary artery bypass grafting with medical treatment in patients having triple vessel coronary artery disease (CAD)
3.	Dr. Maham Riaz (Revised)	Prof. Muhammad Hamid Saeed Professor of Cardiology & Executive Director Faisalabad Institute of Cardiology Faisalabad	Independent association of hyperuricemia with angiographically documented CAD
4.	Dr. Muhammad Ayaz Arshad (Revised)		Comparison of patient's outcome having anterior wall myocardial infarction with or without right bundle branch block in terms of mortality in Faisalabad Institute of Cardiology, Faisalabad
5.	Dr. Jawad Hussain	Dr. Abdul Majid Associate Professor of Cardiology Sheikh Zayed Medical College/ Sheikh Zayed Hospital Rahim Yar Khan	Paroxysmal supraventricular tachycardia: Factors determining adenosine sensitivity vs adenosine resistance
6.	Dr. Yahya Iftikhar	Dr. M. Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of clinical outcomes of beta blocker administration in patients of STEMI before and after primary percutaneous coronary intervention (pPCI)
7.	Dr. Ata-ur-Rehman	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	A comparative study of direct stenting vs balloon pre dilation in primary angioplasty

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 5th October 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Mohammad Sajid (Revised)	Prof. Ahmed Noeman Professor of Cardiology Punjab Institute of Cardiology, Lahore	Comparison of inter-arm blood pressure differences and target organ damage in patients with type 2 diabetes
2.	Dr. Arwa Shahid	Dr. Rao Shahzad Abdul Tawwab Khan Assistant Professor of Cardiology Wazirabad Institute of Cardiology, Wazirabad	Comparison of high degree AV block in patients of acute inferior wall myocardial infarction with and without right ventricular involvement
3.	Dr. Muhammad Arish	Dr. Syed Nauman Ali Assistant Professor of Cardiology Quaid-i-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of Sokolow-Lyon voltage and Cornell voltage electrocardiogram criteria in hypertensive women with left ventricular hypertrophy on echocardiogram
4.	Dr. Mirza Adnan Baig (Revised)	Dr. Hamid Sharif Khan Assistant Professor of Cardiology Rawalpindi Institute of Cardiology, Rawalpindi	Correlation of epicardial fat thickness as measured on echocardiography with severity of coronary artery disease
5.	Dr. Adnan Nasir (Revised)		Relationship between Frontal QRS-T angle and TIMI flow in patients with acute STEMI undergoing PPCI
6.	Dr. Waseem Akram	Dr. Fida Muhammad Assistant Professor of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	N terminal pro brain natriuretic peptide level and association with severity of coronary artery disease in acute coronary syndrome
7.	Dr. Rana Khushnood Hussain		Comparison of angiographic findings in patients of premature coronary artery disease with and without history of smoking

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 6th July 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Nabeel Akbar Chaudary	Dr. Sajjad Ahmad Associate Professor of Cardiology Punjab Institute of Cardiology Lahore	Association of glycemic control in diabetic patients measured by HbA1c Level with 1-year clinical Outcomes following percutaneous coronary intervention. A single center prospective study
2.	Dr. Muhammad Ijaz Yousaf (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Association of both normal and increased left atrial volume index with new onset atrial fibrillation within 96 hours post coronary artery bypass grafting
3.	Dr. Muhammad Arslan Munir (Revised)		Association of serum potassium level with short term mortality in patients presented with acute heart failure
4.	Dr. Rana Mubarik Ali	Dr. M. Tahir Mohy ud Din Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology Multan	Comparing the efficacy of Wilkin's score and commissural fusion score combined with Wilkin's score alone in success of Percutaneous Transvenous Mitral Commissurotomy (PTMC)
5.	Dr. Mubashir Hassan	Prof. Muhammad Hamid Saeed Executive Director Faisalabad Institute of Cardiology Faisalabad	In-hospital procedural and clinical outcomes of primary Percutaneous Coronary Intervention (PPCI) based on experience of primary operator

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 7th June 2022** at **1:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Shah Wali (Revised)	Dr. Muhammad Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparative outcomes of acute heart failure patients presenting with and without type-I cardio-renal syndrome
2.	Dr. Iftikhar (Revised) Yahya		Comparison of clinical outcomes of beta blocker administration in patients of STEMI before or after primary percutaneous coronary intervention (pPCI)
3.	Dr. Muhammad Nabeel Akbar Chaudary (Revised)	Prof. Sajjad Ahmad Professor of Cardiology Punjab Institute of Cardiology Lahore	Association of glycemic control in diabetic patients measured by HbA1c level with 1 year clinical outcomes following percutaneous coronary intervention. A single center prospective study
4.	Dr. Muhammad Irshad (Revised)	Prof. Kashif Ali Hashmi Ch. Pervaiz Elahi Institute of Cardiology Multan	Severity and frequency of acute mitral regurgitation in patients presenting with anterior STEMI versus inferior STEMI
5.	Dr. Raheem (Change of Topic) Faisal	Prof. Ahmed Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of invasive versus conservative management in chronic kidney disease patients presented with NSTEMI
6.	Dr. Muhammad Shoaib (Change of Topic)	Dr. Fida Muhammad Sheikh Associate Professor of Cardiology Sargodha Medical College Sargodha	Comparison of short and long term outcomes of pre-dilatation during primary PCI versus direct stenting
7.	Dr. Akram (Change of Topic) Nouman		1 year outcome after zotarolimus eluting stent implantation in simple lesion and complex lesion

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 8th September, 2021** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Arslan Khan M.D. (Cardiology)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of short term outcomes in patients undergoing primary percutaneous coronary intervention for ST elevation myocardial infarction with TIMI I vs TIMI II/III.
2.	Dr. Husnain Shoukat M.D. (Cardiology)		Short term clinical outcomes of Dual Antiplatelet Therapy (DAPT) (Aspirin + Clopidogrel) vs Aspirin alone in patients of stable ischemic heart disease after Coronary Artery Bypass Grafting (CABG)
3.	Dr. Muhammad Hafeez M.D. (Cardiology)		Comparison of short-term outcomes between STEMI patients with and without diabetes
4.	Dr. Muhammad Ijaz Yousaf M.D. (Cardiology)		Association of both normal and low left ventricular ejection fraction with new onset arrhythmias after coronary artery bypass grafting.
5.	Dr. Syed Haider Hussain M.D. (Cardiology)		The c-reactive protein to serum albumin ratio predict acute kidney injury with ST elevation myocardial infarction.
6.	Dr. Muhammad Shoaib M.D. (Cardiology)	Dr. Fida Muhammad Assistant Professor of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Left ventricular thrombus formation in acute anterior wall myocardial infarction: Comparison between thrombolysed and non-thrombolysed patients.
7.	Dr. Sohaib Ashraf M.D. (Cardiology)	Dr. Qazi Abdul Saboor Associate Professor Department of Cardiology Federal Postgraduate Medical Institute/Sheikh Zayed Medical Complex. Lahore	Effect of alprazolam on heart rate in acute coronary syndrome patients as an add on therapy.
8.	Dr. Zunaira Javed M.D. (Cardiology)		Impact of the morning vs evening dosing of antihypertensive drugs on 24-hour ambulatory blood pressure.

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Thursday, 10th February, 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Junaid Salah Ud Din (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of effects of valsartan alone versus combined scubitril and valsartan on cardiac function in patients with heart failure with reduced ejection fraction
2.	Dr. Muhammad Ijaz Yousaf (Revised)		Association of both normal and increased left atrial volume index with new onset atrial fibrillation within 48 hours post coronary artery grafting
3.	Dr. Asif younas		Comparison of outcome of normal versus raised cardiac troponin in patients with supraventricular tachyarrhythmia
4.	Dr. Suneel Samuel		Lipoprotein (a) as a predictor for the presence and severity of premature coronary artery disease
5.	Dr. Javid Iqbal	Prof. Bilal Ahsan Qureshi Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology Multan	Correlation of low density lipoprotein cholesterol (LDL-C) with severity of coronary artery disease in patients of age ≤ 50 years
6.	Dr. Syed Sadaqat Ali Shah	Prof. Shahadat Hussain Professor of Cardiology Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison between 30 days mortality in patients of cardiogenic shock with mitral regurgitation and without regurgitation after acute myocardial infarction
7.	Dr. Muhammad Zeeshan Riaz	Dr. Shahid Abbas Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Predictive values of inflammatory cell ratios for complexity of coronary artery disease in patients with acute coronary syndrome
8.	Dr. Iqra Asif Sheikh		A comparative study of rotablation versus balloon dilatation for treating heavy calcified lesions

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 13th April 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Faisal Raheem	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparative Study of response of supraventricular tachycardia to carotid massage versus pharmacological cardioversion
2.	Dr. Najeeb-ur-Rehman	Prof. Shahadat Hussain Ch. Professor of Cardiology Quaid-e-Azam Medical College, Bahawal Victoria Hospital, Bahawalpur	Comparison of control of hypertension among health professionals and general population
3.	Dr. Zeeshan Sutan	Dr. Badar Ul Ahad Gill Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of symptomatic improvement in patients with heart failure taking Angiotensin Receptor Neprilysin Inhibitor (ARNi) vs Angiotensin Receptor Blockers (ARBs)
4.	Dr. Muhammad Waqas	Prof. Haroon Aziz Khan Babar Professor of Cardiology Nishtar Medical University, Multan	In hospital comparison of delayed and emergency medical services in prognosis of acute myocardial infarction
5.	Dr. Muhammad Kashif Kamran		Comparison of heart failure outcomes in patients presenting with ST Segment Elevation Myocardial Infarction (STEMI) versus Non-ST Segment Elevation Myocardial Infarction (NSTEMI)
6.	Dr. Muhammad Waseem Asghar		Comparison of frequency of left ventricular clot in patients of anterior wall myocardial infarction receiving streptokinase and not receiving streptokinase
7.	Dr. Ahsan Shafiq	Dr. Mubashir Khan Sherwani Assistant Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	The impact of novel oral anticoagulants on patients of anterior wall myocardial infarction regarding formation of left ventricular thrombus: a comparative study between high and low platelets to lymphocytes ratio
8.	Dr. Muhammad Ahsan Niaz	Dr. Abdul Majid Associate Professor of Cardiology Sheikh Zayed Medical College, Rahim Yar Khan	Clinical outcome in patients of acute STEMI with PPCI during first hour vs PCI after 12 hours

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Thursday, 10th June, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr.No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Junaid Salah Ud Din M.D. (Cardiology)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Early drop in systolic blood pressure, heart rate at admission and their effects on worsening renal function in elderly patients with acute heart failure
2.	Dr. Zia Ur Rehman M.D. (Cardiology)		Comparative study to find the effects of statin preloading in patients undergoing percutaneous coronary intervention
3.	Dr. Muhammad Irfan Idrees M.D. (Cardiology)		The prevalence of 30-day readmission after acute ST-elevation myocardial infarction
4.	Dr. Muhammad Imran Khadim M.D. (Cardiology)		Comparison of trans-radial coronary intervention using 5-French v/s 6- French guiding catheters in patients of acute coronary syndrome
5.	Dr. Muhammad Junaid M.D. (Cardiology)		Frequency of mortality among the patients with heart failure not able to complete 6 minutes walk test
6.	Dr. Muhammad Yasir Arafat M.D. (Cardiology)	Dr. Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Effects of a high loading dose of rosuvastatin on serum levels of inflammatory markers after percutaneous coronary intervention
7.	Dr. Asifa Aslam M.D. (Cardiology)	Dr. Shahid Abbas Associate Professor of Cardiology Faisalabad Institute of Cardiology Faisalabad	Correlation of in-hospital GRACE risk score with severity of coronary artery disease by syntax score in patients with non-ST segment elevation myocardial infarction (NSTEMI)
8.	Dr. Muhammad Ateeq Azam M.D. (Cardiology)		The association between body mass index (BMI) and severity of coronary artery disease keeping coronary angiography as gold standard
9.	Dr. Nouman Akram M.D. (Cardiology)	Dr. Shehzad Aslam Assistant Professor Department of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of complications with or without thrombolysis in patients presenting with myocardial infarction
10.	Dr. Fazal ur Rehman M.D. (Cardiology)	Dr. Fida Muhammad Assistant Professor Department of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Association of deranged serum electrolytes with in-hospital arrhythmias in patients with ST elevation myocardial infarction

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 15th June 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Amjad Mujtaba (Revised)	Prof. Qazi Abdul Saboor Professor of cardiology Shaikh Zayed Postgraduate Medical Institute/Shai kh Zayed Hospital, Lahore	Coronary angiographic findings in stable angina versus acute coronary Syndrome
2.	Dr. Faisal Raheem (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of outcomes among heart failure patients admitted with reduced ejection fraction and raised C-reactive protein receiving the systemic steroids
3.	Dr. Asad Yousaf (Revised)		Comparison of efficacy and safety of dapagliflozin in male and female patients with heart failure and ejection fraction < 40%
4.	Dr. Balawal Nazeer	Dr. Zahid Rafique Butt Associate Professor of Cardiology Chaudhary Pervaiz Elahi Institute of Cardiology, Multan	Comparison of diagnostic accuracy of GRACE versus TIMI score in predicting severity of coronary artery disease in patients with non ST segment elevation myocardial infarction using coronary angiography as gold standard
5.	Dr. Hafiz Muhammad Sheraz Ali	Dr. Shahzad Tawwab Khan Assistant Professor of Cardiology Wazirabad Institute of Cardiology, Wazirabad	Study of association of atrial fibrillation in patients with LV diastolic dysfunction

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 16th March, 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Zain Ul Abideen Ahmad	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of prognosis between patients of anterior wall myocardial infarction with and without ST segment elevation in V ₄ R lead
2.	Dr. M Asad Yousaf		Comparison of efficacy and safety of dapagliflozin versus insulin in patients of heart failure with ejection fraction less than 40%
3.	Dr. Saba Asghar	Dr. Sajjad Ahmad Associate Professor of Cardiology Punjab Institute of Cardiology Lahore	Left ventricular diastolic dysfunction in post thrombolysis versus primary percutaneous coronary intervention in patients presenting with acute anterior wall St-elevation myocardial infarction
4.	Dr. Mubashir Hassan	Dr. Hamid Saeed Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Comparison of left ventricular systolic dysfunction on echocardiography between patients undergoing primary percutaneous intervention and thrombolysis with streptokinase of acute ST-segment elevation myocardial infarction in Faisalabad Institute of Cardiology, Faisalabad
5.	Dr. Javaria Fatima	Dr. Shahid Abbas Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Determining the frequency of peripheral arterial disease in known cases of coronary artery disease patients at Faisalabad Institute of Cardiology, Faisalabad by assessing ankle brachial pressure index by duplex ultrasound, as gold standard
6.	Dr. Shazia Nazar	Dr. Nisar Ahmed Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of outcome of revascularization versus medical management (refusing CABG) among patients presenting with left main stem disease (LMSD) at a tertiary care hospital
7.	Dr. Shaheer Shah Nawaz		Comparison of resolution of left ventricular thrombus after acute anterior wall myocardial infarction in patients treated with rivaroxaban versus warfarin
8.	Dr. Muhammad Shoab	Dr. Muhammad Tahir Mohy Ud Din Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of femoral versus radial access site complication in patients undergoing percutaneous coronary intervention in relation to body mass index

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 18th January, 2023, at 1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Shaheer Shah Nawaz (Revised)	Dr. Kashif Ali Hashmi Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Comparison of resolution of left ventricular thrombus after acute anterior wall myocardial infarction in patients treated with Rivaroxaban versus warfarin
2.	Dr. Syed Sadaqat Ali Shah (Revised)	Prof. Shahadat Hussain Professor of Cardiology Quaid-e-Azam Medical College, Bahawalpur	Comparison between 30 days mortality in patients of cardiogenic shock with mitral regurgitation and without mitral regurgitation after acute myocardial infarction
3.	Dr. Humaira Rafique (Revised)	Dr. Ahmad Masood Akbar Assistant Professor of Cardiology Punjab Institute of Cardiology, Lahore	To evaluate the relationship of C-reactive protein with thrombus burden in patients of acute non-ST elevation myocardial infarction
4.	Dr. Tariq Saleem (Revised)	Prof. Muhammad Hamid Saeed Professor of Cardiology & Executive Director Faisalabad Institute of Cardiology, Faisalabad	Comparison of post-streptokinase resolution of ST-segment elevations in patients of acute ST-elevation myocardial infarction, with and without pre-dose raised anti-streptokinase titre
5.	Dr. Muhammad Ahsan Fareed (Revised)		Comparison of cardiac risk factors in patients of acute ST-elevation myocardial infarction with versus without thrombolytic ST segment resolution
6.	Dr. Imran Shaukat (Revised)		Association of Glycated hemoglobin (HbA1c) with the severity of coronary artery disease (Documented by syntax score) in patients presenting with acute coronary syndrome
7.	Dr. Muhammad Abdul Samad Khan (Revised)	Dr. Hamid Sharif Khan Assistant Professor of Cardiology Rawalpindi Institute of Cardiology, Rawalpindi	CHA2DS2-VASc score predicts the slow flow/no-reflow phenomenon in ST-segment elevation myocardial infarction patients with multi-vessel disease undergoing primary percutaneous coronary intervention

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 18th May 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Arsalan Khan (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of short-term outcomes in patients undergoing primary percutaneous coronary intervention for ST elevation myocardial infarction with TIMI 0-I vs time II-III flow
2.	Dr. Muhammad Nabeel Akbar Chaudary	Dr. Sajjad Ahmad Associate Professor of Cardiology Punjab Institute of Cardiology Lahore	Association of glycemic control in diabetic patients measured by hba1c Level with 1-year clinical Outcomes following percutaneous coronary intervention. A single center prospective study
3.	Dr. Muhammad Adnan Izhar Rana	Dr. Muhammad Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of early versus routine discharge protocol after primary percutaneous coronary intervention
4.	Dr. Uzair Arshad Sohail	Dr. Muhammad Hamid Saeed Associate Professor of Cardiology Faisalabad Institute of Cardiology, Faisalabad	Comparison of left ventricular systolic dysfunction on echocardiography of patients having first acute ST-elevation myocardial infarction with or without pre-infarct angina pectoris
5.	Dr. Muhammad Ahsan Fareed		Comparison of post thrombolytic ST-segment resolution with or without cardiogenic risk factors in patients of acute ST elevation myocardial infarction in Faisalabad institute of cardiology Faisalabad

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 21st September 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Aqsa Ibrahim (Revised)	Dr. Hamid Sharif Assistant Professor of Cardiology Rawalpindi Institute of Cardiology, Rawalpindi	Correlation of symptoms to balloon time with ejection fraction at day zero and after forty days of procedure in patients with acute AWWMI undergoing pPCI
2.	Dr. Maryam Bano	Dr. Muhammad Najam Ul Saqib Fayyaz Assistant Professor of Cardiology Sahiwal Medical College, DHQ Teaching Hospital, Sahiwal	Comparing the efficacy of dapagliflozin in diabetic versus non-diabetic patients with heart failure and reduced ejection fraction
3.	Dr. Muhammad Shoaib (Revised)	Dr. Kashif Ali Hashmi Associate Professor of Cardiology Chaudhary Pervaiz Elahi Institute of Cardiology, Multan	Impact of body mass index on radial access site complications in patients undergoing percutaneous coronary intervention
4.	Dr. Ayesha Iqbal (Revised)	Prof. Muhammad Hamid Saeed Professor of Cardiology /Executive Director Faisalabad Institute of Cardiology, Faisalabad	Comparison of patient's functional class pre and post PTMC with valve size ≥ 1.5 cm ² of post procedural size after 6-minutes' walk test at 1 month duration
5.	Dr. Tariq Saleem		Comparison of post-streptokinase resolution of ST-segment elevations in patients of acute ST-elevation myocardial infarction, with and without pre-dose raised antistreptolysin O titre
6.	Dr. Muhammad Ahsan Fareed (Revised)		Comparison of post thrombolytic ST-segment resolution with or without cardiac risk factors in patients of acute ST-elevation myocardial infarction
7.	Dr. Shah Wali	Dr. M. Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology, Lahore	Comparative outcomes of acute heart failure patients presenting with and without cardio-renal syndrome

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 21nd December, 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Muhammad Asim (Revised)	Dr. Zahid Rafique Butt Associate Professor of Cardiology Chaudhary Pervaiz Elahi Institute of Cardiology, Multan	Comparison of intra-coronary verapamil versus adenosine for restoration of coronary blood flow in patients with no reflow after percutaneous coronary intervention
2.	Dr. Muhammad Ahsan Fareed (Revised)	Prof. Muhammad Hamid Saeed Professor of Cardiology & Executive Director, Faisalabad Institute of Cardiology, Faisalabad	Comparison of cardiac risk factors in patients of acute ST-elevation myocardial infarction with or without thrombolytic ST segment resolution
3.	Dr. Muhammad Zaheer Abbas	Prof. Sajjad Ahmad Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of short clinical outcomes in acute ST segment-elevation myocardial infarction patients with and without potassium disturbance
4.	Dr. Bilal Ahmad (Revised)		Comparison between coronary artery calcium score and ankle brachial index in predictions of cardiovascular events in asymptomatic patients with type II diabetes mellitus
5.	Dr. Asad Ali (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of early outcomes between NSTEMI patients with high GRACE score undergoing percutaneous coronary intervention within 12 hours and after 12-24 hours
6.	Dr. Faisal Raheem (Revised)		Association of short QTc in development of atrial fibrillation
7.	Dr. Zia Ullah	Dr. M. Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of outcome of intravascular ultrasound (IVUS) guided versus angiography guided percutaneous coronary intervention (PCI)

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the meeting of **Speciality Advisory Committee in Cardiology** to be held on **Wednesday, 24th August 2022**, at **1:00 p.m.** in University of Health Sciences, Lahore.

Sr. No	Name of Candidate	Supervisor	Title
1.	Dr. Faisal Raheem (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Association of short QTc in development of persistent atrial fibrillation
2.	Dr. Hafiz Muhammad Umer Khan		Comparison of efficacy and safety of distal versus proximal radial artery approach in patients undergoing coronary angiogram
3.	Dr. Saba Asghar (Revised)	Dr. Sajjad Ahmad Associate Professor of Cardiology Punjab Institute of Cardiology Lahore	Left ventricular diastolic dysfunction in post thrombolysis versus primary percutaneous coronary intervention in patients presenting with acute anterior wall ST-elevation myocardial infarction
4.	Dr. Muhammad Asim	Dr. Zahid Rafique Butt Associate Professor of Cardiology Chaudhary Pervaiz Elahi Institute of Cardiology, Multan	Comparison of intra-coronary verapamil versus verapamil plus adenosine for restoration of coronary blood flow in patients with no reflow after percutaneous coronary intervention
5.	Dr. Talha Rehman (Absent)	Dr. Fida Muhammad Assistant Professor of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparing the results obtained by combining rosuvastatin with exercises against atorvastatin alone on lipid profile and function capability of patient
6.	Dr. Muhammad Sohaib Khan	Dr. Muhammad Najam Ul Saqib Fayyaz Assistant Professor of Cardiology Sahiwal Medical College, DHQ Teaching Hospital, Sahiwal	Comparison of left ventricular systolic function between thrombolysis and non-thrombolysis patients presenting with anterior wall ST elevation myocardial infarction

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Saturday, 29th January, 2022** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Sohaib Ashraf (Revised)	Dr. Qazi Abdul Saboor Associate Professor Department of Cardiology Federal Postgraduate Medical Institute/Sheikh Zayed Medical Complex. Lahore	Effect of alprazolam on heart rate in acute coronary syndrome patients as an add on therapy.
2.	Dr. Muhammad Shoaib (Revised)	Dr. Fida Muhammad Assistant Professor of Cardiology Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of the apixaban and warfarin in patients of rheumatic mitral stenosis with atrial fibrillation
3.	Dr. Rabia Aslam	Dr. Muhammad Anjum Rana Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of incidence and severity of covid-19 infection among cardiologists working in emergency vs out-patient departments
4.	Dr. Humera Rafique	Dr. Ahmad Masood Akbar Assistant Professor of Cardiology Punjab Institute of Cardiology Lahore	Evaluate the relationship of C-reactive protein with thrombus burden in patients of acute non-ST elevation myocardial infraction
5.	Dr. Arslan Khan (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of short-term outcomes in patients undergoing primary percutaneous coronary intervention for ST elevation myocardial infraction with TIMI I vs TIMI II/III flow
6.	Dr. Sajjad Hussain Najam		Compare difference between type 1 and 2 acute myocardial infarctions using the N-terminal pro B-type natriuretic peptide/cardiac troponin T ratio
7.	Dr. Muhammad Atif Manzoor		Association between hyperglycemia and long-term outcome in ST-segment elevation myocardial infraction (STEMI) in diabetic and non-diabetic patients
8.	Dr. Muhammad Farrukh Jamal Azhar (PGMI)		Impact of the morning vs evening dosing of antihypertensive drugs on 24-hour ambulatory blood pressure.

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in Cardiology to be held on **Wednesday, 30th March, 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Arsalan Khan (Revised)	Prof. Ahmad Noeman Professor of Cardiology Punjab Institute of Cardiology Lahore	Comparison of short-term outcomes in patients undergoing primary percutaneous coronary intervention for ST elevation myocardial infarction with TIMI I vs TIMI II/III flow
2.	Dr. Asad Ali		Comparison of early outcomes between NSTEMI patients with high grace score undergoing percutaneous coronary intervention within and after 12 hours
3.	Dr. Bilal Ahmad	Dr. Sajjad Ahmad Associate Professor of Cardiology Punjab Institute of Cardiology Lahore	Coronary artery calcium score compared with ankle brachial index in predictions of cardiovascular events in asymptomatic patients with type II diabetes mellitus
4.	Dr. Kashif Muneer		Pattern of angiographic findings in young patients with ST elevation myocardial infarction and its role to rationalize treatment
5.	Dr. Muhammad Irshad	Dr. Kashif Ali Hashmi Associate Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology, Multan	Severity and frequency of acute mitral regurgitation in patients presenting with acute ST elevation myocardial infarction anterior wall MI versus inferior wall MI
6.	Dr. Javid Iqbal (Revised)	Prof. Bilal Ahsan Qureshi Professor of Cardiology Ch. Pervaiz Elahi Institute of Cardiology Multan	Correlation of LDL-C and non HDL-C with severity of coronary artery disease undergoing coronary angiography in age ≤ 40 years
7.	Dr. Adnan Nasir	Dr. Hamid Sharif Khan Assistant Professor of Cardiology Rawalpindi Institute of Cardiology Rawalpindi	Relationship between frontal QRS T angle and TIMI flow in patients with acute STEMI by dividing them in PPCI & thrombolytic groups
8.	Dr. Mirza Adnan Baig		Correlation of epicardial fat thickness with severity of coronary artery disease assessment by echocardiography
