

## UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Specialty Advisory Committee in Clinical Dentistry (Operative Dentistry) to be held on **Thursday, 12<sup>th</sup> December 2024**, at **10:00 a.m.** in University of Health Sciences, Lahore.

Sr. No.	Name of Candidate	Supervisor	Date of submission	Title
1.	<b>Dr. Feryal Syed</b> 2022-23	<b>Dr. Saira Aslam</b> Assistant Professor of Operative Dentistry, Nishtar Institute of Dentistry, Multan  Reg. no. 2022-00141	4-Mar-24	Comparison of microleakage in different designs of class I cavity when restored with amalgam and composite
2.	<b>Dr. Aniza Shahbaz</b> 2023-24	<b>Dr. Shazia Naz</b> Associate Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	15-Feb-24	Comparative clinical and radiographic evaluation of Salvadora persica extract versus mineral trioxide aggregate as pulpotomy agent in mature permanent posterior teeth with irreversible pulpitis
3.	<b>Dr. Zoha Nasir</b> 2022-23		16-Feb-24	Comparative clinical and radiographic evaluation of Rosmarinus officinalis versus mineral trioxide aggregate as pulpotomy medicament in vital mature permanent teeth with irreversible pulpitis
4.	<b>Dr. Arooj Fatima</b> 2022-23		16-Feb-24	Clinical and radiographic evaluation of egg shell derived calcium hydroxyapatite versus calcium hydroxide as indirect pulp capping agent in permanent molars
5.	<b>Dr. Nida Farooq</b> 2020-21		25-Apr-24	Comparative evaluation of clinical and radiographic outcomes of Mustard Gel ( <i>Brassica Nigra</i> ) and Mineral Trioxide Aggregate (MTA) as Pulpotomy agents in deciduous molars-A randomized controlled trial

**Note:**

*All proposed Supervisors who do not have Supervisory Certificates as per UHS eligibility criteria are requested to complete their deficiencies mandatorily within **six months**, failure of which may lead to deferral of synopsis of their candidate(s) in the subsequent submission.*

## UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Synopsis Review Committee in Clinical Dentistry (Operative Dentistry) to be held on **Thursday, 22<sup>nd</sup> February 2024**, at **10:00 a.m.** in University of Health Sciences, Lahore.

Sr. No.	Name of Candidate	Supervisor	Date of submission	Title
6.	Dr. Sidra Riaz 2020-21	Dr. Shazia Naz Associate Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	19-Jul-23	Comparative evaluation of anti-bacterial activity of coconut oil pulling and saline, against streptococcus mutans, for the prevention of irradiation caries, in head and neck cancer patients undergoing chemo-radiotherapy- A randomized controlled trial
7.	Dr. Hamza Ahmad 2020-21		19-Jul-23	Comparative evaluation of MTA and 3-Mixtatin as pulpotomy agents in mature permanent molars and irreversible pulpitis: A randomized control trial
8.	Dr. Afshan Afzal Wahla 2020-21		19-Jul-23	Comparative antibacterial evaluation in emblica officinalis and 3% sodium hypochlorite, against enterococcus faecalis, as intracanal irrigants in non-surgical root canal treatment of mature single rooted anterior teeth - A randomized controlled trial
9.	Dr. Zara Rizwan 2020-21		19-Jul-23	Comparative evaluation of clinical and radiographic treatment outcomes of garlic gel and calcium hydroxide as an intracanal medicament in nonsurgical root canal treatment of permanent teeth: A randomized controlled trial
10.	Dr. Habiba Zahid Khan 2018-19		06-Jun-23	Comparative evaluation of apical microleakage of glass ionomer sealer, MTA sealer and super ethoxy benzoic acid =sealer with zinc oxide eugenol sealer using gutta percha in root canals obturation

# UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of 2<sup>nd</sup> Meeting of Specialty Advisory Committee in Clinical Dentistry (**Operative Dentistry**) to be held on **Thursday, 22<sup>nd</sup> May 2025**, at **10:00 a.m.** in University of Health Sciences, Lahore.

## Agenda

Revision of Curriculum

To revision of synopses of:

Sr. No.	Name of Candidate	Supervisor	Date of submission	Title
11.	<b>Dr. Feryal Syed</b> 2022-23	<b>Dr. Saira Aslam</b> Assistant Professor of Operative Dentistry, Nishtar Institute of Dentistry, Multan	4-Mar-24/ 1	Comparison of microleakage in different designs of class I cavity when restored with amalgam and composite
12.	<b>Dr. Ammar Aslam</b> 2021-22	<b>Dr. Shazia Naz</b> Associate Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	18-Feb-25/ 1	Evaluation of comparative therapeutic effects of calcium hydroxide and lithium chloride in apexification of immature permanent teeth with open apices
13.	<b>Dr. Muhammad Usama Bin Sharif</b> 2023-24		13-Mar-25/ 1	Effectiveness of dipotassium oxalate in postoperative sensitivity and microleakage control in class V composite restorations: A hybrid study design
14.	<b>Dr. Aniza Shahbaz</b> 2023-24		15-Feb-24/ 1	Comparative clinical and radiographic evaluation of Salvadora persica extract versus mineral trioxide aggregate as pulpotomy agent in mature permanent posterior teeth with irreversible pulpitis
15.	<b>Dr. Zoha Nasir</b> 2022-23		16-Feb-24/ 1	Comparative clinical and radiographic evaluation of Rosmarinus officinalis versus mineral trioxide aggregate as pulpotomy medicament in vital mature permanent teeth with irreversible pulpitis
16.	<b>Dr. Arooj Fatima</b> 2022-23		16-Feb-24/ 1	Clinical and radiographic evaluation of egg shell derived calcium hydroxyapatite versus calcium hydroxide as indirect pulp capping agent in permanent molars
17.	<b>Dr. Nida Farooq</b> 2020-21		25-Apr-24/ 1	Comparative evaluation of clinical and radiographic outcomes of Mustard Gel ( <i>Brassica Nigra</i> ) and Mineral Trioxide Aggregate (MTA) as Pulpotomy agents in deciduous molars-A randomized controlled trial

### **Note:**

*All proposed Supervisors who do not have Supervisory Certificates as per UHS eligibility criteria are requested to complete their deficiencies mandatorily within **six months**, failure of which may lead to deferral of synopsis of their candidate(s) in the subsequent submission.*

# UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Synopsis Review Committee in Clinical Dentistry (Operative Dentistry) to be held on **Wednesday, 4<sup>th</sup> March 2020**, at **10:00 a.m.** in University of Health Sciences, Lahore.

## AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	<b>Dr. Tabassum Younas Khan</b> M.D.S (Operative Dentistry) <b>(Revised)</b>	<b>Prof. Sohail Abbas Khan</b> Principal Avicenna Dental College Lahore	A comparison study of microleakage in nano hybrid composites with zirconomer and cention N used as restorative materials
2.	<b>Dr. Wajiha Khalid</b> M.D.S (Operative Dentistry)	<b>Prof. Sohail Abbas Khan</b> Principal Avicenna Dental College Lahore	Comparison of antibacterial efficacy of turmeric and turmeric mixed with calciumhydroxide as an intracanal medicament: An invivo study
3.	<b>Dr. Zain Rafiq</b> M.D.S (Operative Dentistry)	<b>Prof. Sohail Abbas Khan</b> Principal Avicenna Dental College Lahore	To compare histological inflammatory response of human dental pulp using poliquil (castor oil bean based cement), MTA and calcium hydroxide as direct pulp capping agents in primary molars
4.	<b>Dr. Ambreen Zahra</b> M.D.S (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Efficacy of turmeric as an intracanal medicament in permanent premolars against enterococcus faecalis: An in vitro study
5.	<b>Dr. Mashal Mazhar</b> M.D.S (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Bacteriological evaluation of formocresol, allium sativum oil and turmeric gel as a medicament for non-vital pulpotomy of primary teeth: A randomized controlled trial

# UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Synopsis Review Committee in Clinical Dentistry (Operative Dentistry) to be held on **Tuesday, 5<sup>th</sup> January 2021**, at **11:00 a.m.** in University of Health Sciences, Lahore.

## AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
6.	<b>Dr. Ambreen Zahra</b> M.D.S. (Operative Dentistry) <b>(Revised)</b>	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Comparative evaluation of anti-bacterial efficacy of mustard gel, calcium hydroxide paste and chlorhexidine gel as intra-canal medicaments against <i>Enterococcus faecalis</i> – An in-vitro study
7.	<b>Dr. Mashal Mazhar</b> M.D.S. (Operative Dentistry) <b>(Revised)</b>	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Bacteriological evaluation of formocresol, <i>Allium sativum</i> oil and turmeric gel as a medicament for non-vital pulpotomy of primary teeth-A randomized controlled trial
8.	<b>Dr. Fatima Nazar</b> M.D.S. (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	A comparison of <i>Nigella sativa</i> oil and formocresol as pulp medicaments in non-vital pulpotomy in primary molars; A randomized controlled trial
9.	<b>Dr. Iqra Jamal</b> M.D.S. (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Treatment outcomes evaluation and comparison of <i>Azadirachta indica</i> (Neem) with Mineral Trioxide Aggregates (MTA) as pulpotomy agents in deciduous molars-A randomized controlled trial
10.	<b>Dr. Tayyaba Ashraf</b> M.D.S. (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Comparative evaluation of clinical and radiographic outcomes of triphala gel and calcium hydroxide as intra-canal medicaments: A randomized controlled clinical trial
11.	<b>Dr. Shizah Shoaib</b> M.D.S. (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Clinical and radiographic evaluation of <i>Zingiber officinale</i> (Ginger) and calcium hydroxide as obturating materials in root canal treatment of primary molars: A randomized controlled clinical trial
12.	<b>Dr. Humaira Siddique</b> M.D.S. (Operative Dentistry)	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Histological evaluation of pulpal response and dentine bridge formation in rabbit's incisors after direct pulp capping with lithium chloride in comparison with calcium hydroxide

# UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Synopsis Review Committee in Clinical Dentistry (Operative Dentistry) to be held on **Wednesday, 11<sup>th</sup> May 2022**, at **10:00 a.m.** in University of Health Sciences, Lahore.

Sr. No.	Name of Candidate	Supervisor	Title
13.	<b>Dr. Humaira Siddique (Revised)</b>	<b>Dr. Shazia Naz</b> Assistant Professor of Operative Dentistry de'Montmorency College of Dentistry, Lahore	Histological evaluation of pulpal response and dentine bridge formation in rabbit's incisors after direct pulp capping with lithium chloride in comparison with calcium hydroxide
14.	<b>Dr. Iqra Jamal (Revised)</b>		Comparative evaluation of treatment outcomes of <i>Azadirachta indica</i> (Neem) with Mineral Trioxide Aggregates (MTA) as pulpotomy agents in deciduous molars- A randomized controlled trial
15.	<b>Dr. Anam Rafiq</b>		Comparison of treatment outcomes of two different combinations of antibiotics in regenerative endodontic procedure of immature non-vital permanent anterior teeth due to trauma: A Randomized Controlled Clinical Trial
16.	<b>Dr. Syeda Zamurrad Fatima</b>		A comparative histological evaluation of <i>Trachyspermum ammi</i> (Ajwain oil) with mineral trioxide as direct pulp capping agent. A Preclinical Study
17.	<b>Dr. Sadaf Zahid</b>		Comparison of treatment outcome after using platelets rich fibrin and blood clot as scaffold in regenerative endodontic procedures in non-vital immature permanent anterior teeth: A Randomized Controlled Trial
18.	<b>Dr. Ahmad Tazeem</b>		Comparison of regenerative endodontic therapy outcomes of immature non-vital maxillary anterior teeth using conventional triple antibiotic paste and turmeric as intracanal medicament: A Randomized Controlled Trial
19.	<b>Dr. Saqeefa Mahreen</b>		Comparative histological evaluation of pulpal response and dentine bridge formation in rabbit's incisors after direct pulp capping with calcium hydroxide and chitosan
20.	<b>Dr. Habiba Zahid Khan</b>		Comparative evaluation of apical microleakage of zinc oxide eugenol sealer with glass ionomer sealer, MTA sealer and super ethoxy benzoic acid sealer using gutta percha in root canals obturation
